OFFICE OF INSPECTOR GENERAL

January 2, 2018

Criminal Justice stakeholder

Re: 1<sup>st</sup> quarter statistical report

Dear stakeholder,

Attached to this cover letter you will find the 1<sup>st</sup> quarter statistical report prepared by the Office of the Inspector General for the Texas Juvenile Justice Department. Under Texas Human Resources Code §242.102, the OIG is statutorily required to prepare and distribute quarterly reports to specific elected and appointed officials regarding the type of calls and the number of investigations. As you may see, I have revised the style and format of this report to more accurately report the statutorily required information. Additionally, this report includes the performance measures which are currently reported by OIG to the Legislative Budget Board through TJJD. These metrics include the number of calls, the number of investigations opened and closed, as well as the number of TJJD youth apprehended.

This quarter saw some significant investigative activity by the OIG, and included a total of 44 arrests. More than half of those arrests were for Assault on a Public Servant (25) and Harassment by Person in a Secure Correctional Facility (8). However, five of those arrests were for staff members engaged in criminal conduct such as Official Oppression and Violation of the Civil Rights of a Person In Custody. The OIG continues to work closely with the Special Prosecution Unit to process these arrests, and prepare the criminal cases for prosecution. To further that cooperation, SPU prosecutors graciously presented a block of instruction during the OIG annual in-service training that was held in Austin during the 1<sup>st</sup> quarter. SPU is also collaborating in a specialized sexual assault investigation in correctional environments training seminar for OIG in the 2<sup>nd</sup> quarter. Finally, should you have any questions about the new format of the statistical report, categories, the numbers reported, or need more specific information, please do not hesitate to contact this office.

Forrest A. Mitchell, FBINA-233, LCC-62

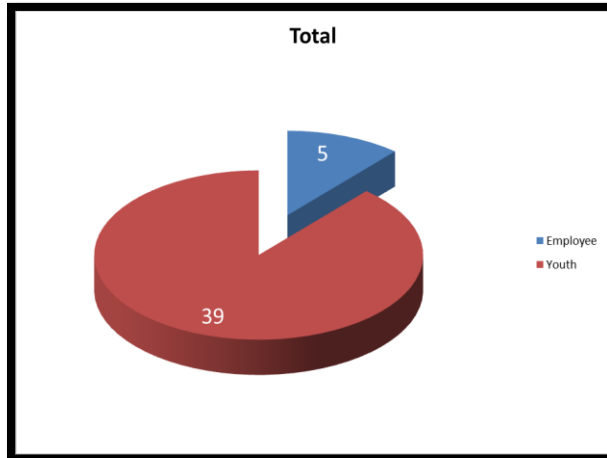

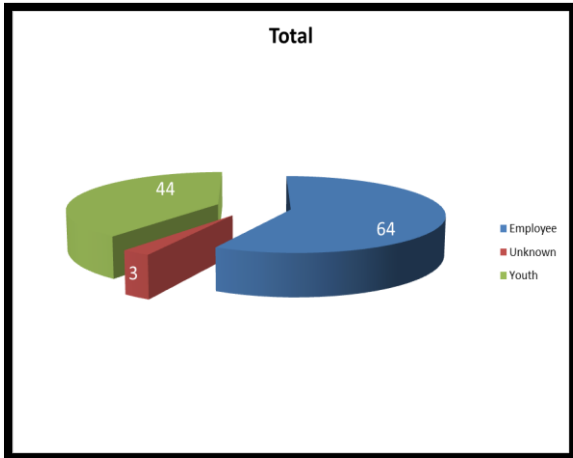

Chief Inspector General
