

Chapter: Juvenile Participation in Research	<b>Effective Date: 4/15/17</b>
<b>Title: Juvenile Participation in Research Prohibited</b>	Page: 1 of 1
	Replaces: HHS.75.05, 07/15/11

**Standard.**

The use of juveniles for medical, pharmaceutical, and cosmetic experiments is prohibited. This prohibition does not preclude individual treatment of a juvenile based upon his or her need for a specific medical procedure that is not generally available but is determined by the Texas Juvenile Justice Department and University of Texas Medical Branch Correctional Managed Care medical directors to be medically necessary.
