

STATE OF TEXAS §
COUNTY OF TRAVIS §

AMENDMENT 2 TO CONTRACT IT143

The Texas Juvenile Justice Department, hereinafter TJJJ, and Noble Software Group, LLC, 1320 Yuba Street, Suite 212, Redding, CA 96001, hereinafter Service Provider, acknowledge that they have previously entered into a contract for the provision of services for the period October 1, 2013 through September 30, 2014. This contract is identified as Contract IT143.

Both parties wish to continue the relationship that exists without a lapse in services. Service Provider agrees to continue to provide services under the aforementioned existing contract, which is incorporated herein by reference as if set forth at length, and TJJJ agrees to continue to use Service Provider's services during the term of this contract.

Service Provider represents and warrants that the individual signing this Amendment is authorized to sign this document on behalf of the Service Provider and to bind the Service Provider under this Amendment.

The parties hereto agree to be bound by the terms of the existing contract subject to the following changes:

1. Section II. TJJJ is hereby modified to add new services Train the Trainer Series in the amount of \$32,000 as described in proposal dated July 23, 2014, attached hereto and incorporated herein.

The total amount of this contract changed from \$86,000 to \$118,000 an increase of \$32,000.

2. Pursuant to Exhibit C, General Provision, Article 10: Contract Term, this Contract is hereby renewed for additional one (1) year, beginning on October 1, 2014 through September 30, 2015.
3. The total not to exceed amount for the period October 1, 2014 through September 30, 2015 shall not exceed \$75,000 (seventy-five thousand dollars).

Summary

Noble is proposing, as an amendment to contract IT143, a series of classes designed to train ten TJJD staff members with the necessary knowledge, tools, and skills to provide high-quality training to TJJD staff members on the PACT and RPACT assessments. The daily rate for this training is different from the standard trainings offered by Noble due to the nature of the training—only the most experienced trainers are able to provide the training, as the product of the sessions are new, junior-level trainers. After the training, TJJD will net significant cost savings, as you can rely on your own in-house trainers rather than contract trainers through Noble.

Deliverables

Train-the-Trainer

Noble will send an experienced, professional trainer on-site to deliver a train-the-trainer series on the PACT and RPACT assessments. This series totals 14 days of training and covers all topics necessary to develop an internal cadre of trainers capable of providing professional training services to staff. The training series is broken down into a single four-day session designed to cover assessment theory, model fidelity, and training strategies for ten staff members. This is followed by five two-day observation sessions to provide feedback and ensure trainer fidelity and understanding of the materials. The price for the TTT series is \$32,000, and includes 8 hours of phone-based support for curriculum development.

Requirements

TJJD will need to provide a suitable training facility for the number of staff trained. All participants will need access to a computer with an internet connection, Microsoft Internet Explorer 8 or later, and Adobe Reader.

In order to ensure an optimal experience for attendees, all staff that will be participating in the TTT series are required to have a minimum of six months experience using the PACT or RPACT.

All required training materials will be delivered electronically.

Summary of Costs

Because the 14 days of training will occur over a significant span of time, the days will be invoiced to TTT as sessions are performed. The effective daily rate for trainings is \$2285.71 (rounded), for a total not to exceed \$32,000 for 14 days.

The costs listed are based on the assumptions and requirements listed. Additional costs may apply should those assumptions and requirements not hold true.
