# JOHN W. JOSLIN, M.Ed., LPC, LSOTP

Pegasus Schools, Inc.  
896 Robin Ranch Road  
Lockhart, TX 78644

Licensed Professional Counselor (LPC) since 1999; Licensed Sex Offender Treatment Provider (LSOTP) since 2003; supervisor in both licenses. Experience providing individual, group and family therapy with adult and adolescent sex offenders in outpatient and inpatient settings.

## PROFESSIONAL SKILLS

### Counseling

- Provide group and individual therapy for adjudicated juveniles with sexual behavioral problems, as well as adolescents assigned with Child Protective Services, in a residential treatment setting; also provide family therapy to families of adolescents.
- Provide crisis intervention, and brief counseling services.
- Assisted in development of current treatment curriculum; also participate in annual reviews.
- Conduct groups on aggression management, victim issues, family issues, and transitioning into the community.
- Conduct family reunification, including clarification, as appropriate.
- Long-term outpatient sex offender individual and group counseling services for adult on parole or probation.
- Conduct sex offender group therapy in a correctional institute setting.
- Provide psycho-educational training to adolescents and their families, as well as adults.
- Provide individual and family therapy to geriatric patients in a residential setting.
- Complete documentation in a timely manner, including group and individual therapy notes, 30-day clinical summaries and discharge summaries, as well as Medicaid extensions.
- Coordinate needed services with case managers, caseworkers and probation officers and families.
- Confer with Probation and Parole Department as needed to help clients integrate into the community.
- Perform psychiatric evaluation using current DSM-V criteria to determine need for counseling and/or medication therapies.
- Assist clients in recognizing psychiatric symptoms and possible side effects from psychotropic medications.
- Determine needs and link client to appropriate services.
- Develop and implement individual treatment plans.
- Link to needed social services, provide payee services, assess for case management.
- Provide and coordinate needed services for clients and their families.
- Teach and assist clients to live as an appropriate member of their community.

### Direct Care

- Provide *direct clinical services* for children, adolescents, and adults in an acute care psychiatric hospital setting, for children and adolescents in a residential treatment center and a residential sex offender treatment program.
- Monitor, account for, and assures safety of patients
- Observe changes in patients attitudes, nature, and general behaviors; identify to charge nurse emergency situations and psychiatric crises.

- Maintain confidential patient information; understand and support patient rights.
- Actively communicate by direct, individual, interpersonal communication, listening, questioning, reflecting, with sensitivity for the patients rights for internal privacy, and need for involvement; also monitors the non-verbal condition of the patients and the group in all activities.
- Complete documentation in a timely manner, using the intervention/outcome method of charting.

#### Leadership and Supervision

- Eight years management experience, supervising up to 180 people, including military, civilian and foreign nationals; managed assets valued at over \$500,000,000.
- Effective combination of business experience, leadership skills, and counseling abilities.

### Clinical Experience:

#### *Therapist*

Pegasus Schools, Inc.

January 2014 – Present

Duties included providing individual, family, and group sexual behavioral treatment to juvenile males in a residential treatment facility who have been adjudicated for or alleged to have committed a sexual offense. Populations served included juveniles (ages 13-18) of diverse ethnicities (including African-American, Latino, Caucasian, and Multi-Racial), sexual orientation (heterosexual, homosexual, and bisexual), and disabilities (cognitive disabilities, etc.).

#### *Social Worker II*

Giddings State School (Texas Juvenile Justice Department) September 2013 – January 2014

Duties included providing individual, family, and group sexual behavioral treatment to juvenile males in a high restriction facility who have been adjudicated for a sexual offense. The program was a residential program for youth who had been assessed to have a high need for sexual behavioral treatment. Populations served included juveniles (ages 13-19) of diverse ethnicities (including African-American, Latino, Caucasian, and Multi-Racial), sexual orientation (heterosexual, homosexual, and bisexual), and disabilities (cognitive disabilities, etc.).

#### *Associate Psychologist-Pre-Doctoral Intern*

Giddings State School (Texas Juvenile Justice Department) September 2012 -- August 2013

Duties included conducting various types of assessments and individual, family, and group therapy with juvenile males who have been adjudicated of criminal offenses and committed to a high restriction, fully contained residential setting. Assessment responsibilities of this position included forensic risk assessments, risk assessments for sexual re-offending, behavioral assessments, and assessments of treatment progress. Group therapy was conducted with juveniles in the Sexual Behavioral Treatment Program (SBTP) and Alcohol and Other Drug (AOD) treatment program. A cognitive-behavioral approach was used to conduct individual therapy in the SBTP, brief individual

therapy in the moderate mental health program, and Trauma Focused Cognitive Behavioral Treatment (TF-CBT) for individuals experiencing PTSD or trauma-related symptoms. Additional responsibilities included crisis management rotations (suicide assessments and monitoring, acute behavioral management, grief counseling, psychotic disturbances, etc.), program development, consultation services, and participation in multidisciplinary team meetings. Populations served included juveniles (ages 13-19) of diverse ethnicities (including African-American, Latino, Caucasian, and Multi-Racial), sexual orientation (heterosexual, homosexual, and bisexual), and disabilities (hearing impaired, cognitive disabilities, etc.). All services conducted in this position were supervised by a Licensed Clinical Psychologist and/or a Licensed Sexual Behavioral Treatment Provider (LSOTP) Supervisor. TF-CBT services were supervised by Dr. Anthony Mannarino, the founder of TF-CBT.

*Therapist*

July 2010 – June 2012

Living Well, Inc.

Duties included co-facilitating after care group therapy for sexual offenders incarcerated in Hawaii State Correctional Facilities as an independently contracted therapist. Additional duties include facilitating individual sex offender treatment as needed in cases where group therapy is contraindicated. A cognitive-behavioral approach was utilized during group and individual treatment. The population served were individuals incarcerated in the Hawaii state prison system and range in ethnicity, intellectual ability, mental diagnoses, and age (all inmates served are at least eighteen years old). This position was part of a multidisciplinary team involving employees of the state of Hawaii, the parole office, and additional mental health professionals.

*Therapist*

October 2010 – June 2012

Benchmark Behavioral Health System

Duties included co-facilitating group therapy for adjudicated juveniles with sexually abusive problems at a residential facility as an independently contracted therapist. The group consists of an integration of psychodynamic and cognitive-behavioral interventions. Pathways: A Guided Workbook for Youth Beginning Treatment (3<sup>rd</sup> Ed.) and The Relapse Prevention Workbook for Youth In Treatment were the foundation of the cognitive-behavioral based treatment at this facility. Duties also include conducting cognitive-behavioral and psychodynamic based individual treatment. Populations served included Caucasian, Native Hawaiian, African American, Asian, and Multi-Racial patients who identified as homosexual, heterosexual, or bisexual. The use of translators for the hearing impaired was also used during group therapy.

*Intervention Practicum*

September 2010 – August 2011

Honolulu Family Therapy Centre

Duties included completing individual and co-facilitating group therapy for adult sexual offenders on parole or probation and facilitating group therapy for adolescents with sexual abusive problems. During this practicum, both psychodynamic and cognitive-behavioral approaches were utilized during individual therapy and a manualized CBT treatment program was utilized during group treatment. The age range of the population served for adolescents was thirteen through seventeen. The ethnicities served at this practicum ranged from Caucasian, Asian, Native Hawaiian, African American, and Multi-Racial populations.

*Psychometric Technician*  
Living Well, Inc.

June 2010 -- June 2012

Duties included completing more than 68 disability assessments referred via state contracts as an independently contracted therapist. Assessments include a semi-structured clinical interview, testing, and a comprehensive integrative report. Instruments utilized during assessments include objective and intellectual assessments. The population served includes any individual referred for an evaluation for Social Security Disability benefits and range in ethnicity, intellectual ability, mental diagnoses, and age (all clients served are at least eighteen years old). Responsibilities completed in this position were reviewed and supervision was provided by a licensed clinical psychologist.

*Diagnostic Assessment Practicum*  
Living Well, Inc.

September 2009 -- June 2010

Duties included completing 62 disability and one psychosexual assessment. Assessments included a semi-structured clinical interview, testing, and a comprehensive integrative report. Instruments utilized during assessments included projective, objective, and/or intellectual assessments. The population served included any individual referred for an evaluation for Social Security Disability benefits and ranged in ethnicity, intellectual ability, mental diagnoses, and age (all clients served are at least eighteen years old).

*Therapist/Coordinator, Licensed Professional Counselor*  
Counseling Department, Westside Holistic Family Services, Chicago, IL

March 2008 -- August 2008

Duties included providing adult and adolescent individual, couple, family, and anger management therapy in a community mental health agency utilizing a holistic framework: specifically, integrating treatment relevant communication between multiple departments (such as the Foster Care Department at Westside Holistic Family Services and the Westside Holistic Alternative High School) and consultation with community organizations. In addition to providing therapy, responsibilities included providing consultation for the foster care department's quarterly Child and Family Team Meetings and monthly representation at the Community Support Advisory Council (CSAC) West in Chicago, IL. The population served included members of the Austin and Garfield communities. The majority of clients were either associated directly or indirectly with the Illinois Department of Child and Family Services.

Counseling concentrations included, but were not limited to anger management, crisis management, anxiety, psychosocial difficulties, depression, grief, loss, life changes, career counseling, domestic violence, and child abuse. Population served was primarily African-American. Ages of clients counseled ranged from primary education through the geriatric population. Most clients served were at or below the poverty level.

*Therapist/Case Worker*  
Counseling Department, Westside Holistic Family Services, Chicago, IL

May 2007 -- March 2008

Duties included providing individual, couple, and family counseling in a community mental health setting. Additional duties included managing a re-entry program for adolescent and young adult ex-offenders in the Austin and Garfield Communities. Populations served included young adults in a re-entry offender program, adults, adolescents, and children. The majority of clients were referred by the agency's foster

care department, the Illinois Department of Child and Family Services, and students participating in the agency's Alternative High School/GED program.

Counseling concentrations included, but are not limited to; anger management, crisis management, anxiety, psychosocial difficulties, depression, grief, loss, life changes, career counseling, domestic violence, and child abuse. Population counseled was African-American. Ages of clients counseled ranged from primary education through the geriatric population.

*Counseling Intern, Master's Level*

August 2006 -- May 2007

Counseling Department, Westside Holistic Family Services, Chicago, IL

Duties included providing individual and family counseling in a community mental health setting. Areas of counseling included, but are not limited to depression, anxiety, grief, loss, life changes, career counseling, and psychosocial difficulties. Population included African Americans ranging in age from primary education through the geriatric population.

### SUMMARY

A licensed professional counselor and board certified art therapist currently practicing in residential care with boys aged 10 to 13, who have experienced physical, emotional and sexual abuse. I provide individual therapy, family/sibling therapy and reunification, experiential group therapy, and assessment. My clinical experience includes treating in varied settings such as, community mental health, residential treatment, wilderness camp and psychiatric hospital programs. Supporting a conscientious attitude toward addressing the needs of multi-cultural, developmental and special population issues, my work has focused on a belief in collaboration with clients, co-workers or supervisors to problem solve challenges.

### EDUCATION and PROFESSIONAL CREDENTIALS

Published: 2010, *Current Applications; Strategies for Working with Sexually Aggressive Youth*  
Chapter 11, "Honoring the Image; Art Therapy with Children and Adolescents with Sexually Abusive Behavior" □

### AREAS OF EXPERTISE/QUALIFICATIONS

- Board certified art therapist and licensed sex offender treatment provider (LSOTP).
- Eclectic therapy style tailored to fit the needs of the individual client with an emphasis on expressive and cognitive behavioral therapy.
- Experienced work with trauma, sexual aggression, and grief/loss issues.
- Court appearances
- CEU provider
- Supervisor Certification

## PROFESSIONAL EXPERIENCE

### Pegasus Schools Inc., Lockhart, Texas

#### *Therapist-current*

Providing individual and family therapy for sexually aggressive/victimized adolescents. Daily use of expressive assessment tools to evaluate clients with emotional difficulties. Consultation with families, group homes, and juvenile probation to develop consistent treatment plans. I employ a warm, interpersonal style that is beneficial for building rapport with guarded and defensive clients while being able to confront behavior. I conduct family therapy for those attempting to deal with their child's sexual aggression. Caseload average: 24

### Helping Hand Home for Children

Previously served as clinical therapist for ages 5-13 children with various psychiatric, behavior and developmental diagnoses. Daily responsibility for programming and training direct care staff, also documentation and case management for a caseload of 14-16; as well as individual, family therapy, group and overseeing the milieu. Use of creative modalities such as art therapy, play and sand tray.

### Old Vineyard Youth Services, Winston-Salem, NC

#### *1) Acute Therapist*

Fast paced environment including admission, discharge planning, group/individual, and family sessions for all patients 12 years old and under. Initiated and wrote the curriculum used by direct care staff for programming plus proposed and worked toward completion of the new children's unit design.

#### *2) Art Therapist*

I created and developed art therapy programs, wrote policies and procedures, scheduled, and presented in-service training. Responsibilities include group and individual therapy with acute child, adolescent and adult clients. Provided same to residential teen girls and boys with sexually aggressive/victimized behaviors. Creative approaches including art, puppetry, movement, and motivational experiential activities.

#### *3) Therapist (Residential Unit)*

I provided individual, family, and group therapy for adolescents with sexually aggressive/victimized behavior, or sexually reactive issues in a residential treatment program. Communicated and coordinated services with court counselors, social workers, case managers, group homes, and families to facilitate continuity of care and community support during treatment and upon discharge.

### Children's Center for Behavioral Development, Centreville, IL. Outpatient Therapist

Facilitated a cognitive behavioral approach to individual and group counseling with behaviorally disordered adolescents, both sexually aggressive youth and victims. Expanded art and expressive therapy to resistant and traumatized children ages 7-15. Facilitated group process with developmentally disabled youth. Responsible for testing, assessment, individual treatment planning, and client documentation.

### Community Counseling Center, Alton, IL

#### *Recreational/Art Therapist*

Served as the art therapist for adult schizophrenic/personality disordered adult psychosocial rehabilitation program. Conducted groups, individual, and case management services. Specially created a phototherapy group to meet specific needs of this population. Provided services to hearing impaired clients.
