

AFDC INCOME LIMITS

Use this chart to determine the maximum income amount a certified group is allowed to meet the AFDC Income Limit requirement. The certified group size is the number of people in the AFDC certified group. Use the appropriate parent group column that equals the number of parents in the certified group. If the certified group's total countable income exceeds the allowable limit then the group does not meet the AFDC income limit requirement.

Certified Group Size	<u>No Parent</u> Certified Group	<u>One Parent</u> Certified Group	<u>Two Parent</u> Certified Group
1	474	579	-
2	683	1203	921
3	958	1389	1524
4	1141	1671	1711
5	1467	1856	1985
6	1584	2133	2176
7	1976	2316	2440
8	2170	2636	2631
9	2490	2827	2951
10	2683	3147	3141
11	3003	3337	3461
12	3193	3657	3654
13	3513	3848	3972
14	3706	4168	4164
