Additional information regarding Child Placing Agency (CPA) and Residential Treatment Centers (RTC) rates:

The **CHILD PLACING AGENCY (CPA) RATE** applies to any facility licensed as a Child Placing Agency, an Independent Foster Family Home, or an Independent Foster Group Home. Examples of CPA settings include foster family or foster group homes.

Child Placing Agencies are persons or organizations, other than a child's natural parent or guardian, who plan for placement of a child or place a child in a child care operation, foster home, or adoptive home.

Foster Family Homes provide 24-hour care for 6 or fewer children under 18 years old.

Foster Group Homes provide 24-hour care for 7-12 children under 18 years old.

The **RESIDENTIAL TREATMENT FACILITY (RTC) RATE** applies to all other residential facilities (e.g., residential treatment centers, halfway houses, basic child care facilities, therapeutic camps, etc.). The following are detailed descriptions of RTC settings:

Emergency Shelter: An operation that provides 24-hour care in a short-term setting (less than 30 days) for 13 or more children up to the age of 18.

Residential Treatment Center: An operation that provides 24-hour care and treatment for 13 or more children with emotional disturbances up to the age of 18.

Therapeutic Camp: An operation that provides 24-hour care through a camping program for 13 or more children age 7 or older. It is designed to provide an experiential therapeutic environment for children who cannot function in their home schools or communities.

Operation Serving Children With Intellectual Developmental Disability: An operation that provides 24-hour care for 13 or more children up to the age of 18. The children in care are significantly below average in general intellectual functioning and have deficits in adaptive behavior.

Halfway House: An operation that provides 24-hour care through transitional living services for no more than 24 children, age 15-18. The purpose of this operation is to prepare older children for independent living.

Maternity Home: An operation that provides 24-hour care for 4 or more minor and/or adult women and their children during pregnancy and/or during the six-week postpartum period.
