

SOLVE IT!

Purpose & Focus

Solving problems by working together and showing respect.

Participants

Any number of participants.

Time Allotment

15 – 30 Minutes

Activity Level

Low

Materials

- Pen
- Paper
- Three scenarios - these can be related to issues that participants have in the dorm.

Preparations

- *Example Scenario:* It's a Saturday afternoon. The dormitory is supposed to be cleaned on Saturdays. Two of your peers refuse to do their chores. Everyone wants to watch a movie but cannot until all of the chores are complete. What can you do?

Method

- Get into three groups. Provide each group with a problem and paper and pen.
- Each group will come up with up to three solutions to their problem in their scenario, and then share them.
- Have each group pick what they believe is the best solution to their problem and act it out.

Discussion

- Open the entire group to discussion about other problems and allow them to develop solutions to the problems that they often find themselves in.
