INTENSE PLUS SERVICE LEVEL is designed to address chronically serious to severe emotional and/or behavioral management problems that interfere with the child’s ability to function in a family, school, or community setting outside of a therapeutic environment. Children at this level do not generally function socially in an appropriate manner and have emotional functioning that is largely incongruent with chronological age. Additionally, children at this level frequently have serious to severe outbursts that make it difficult for them to participate in routines or to accept responsibility for their behavior.

Additional detailed information, including the characteristics and history of children requiring this level of service that make treatment at a lower service level unsuccessful, may be found in the Texas Administrative Code, Title 40, §700.2365 and §700.2367.

Additional information regarding **PLACEMENT TYPES** and their respective rates:

The **CHILD PLACING AGENCY (CPA) RATE** applies to any facility licensed as a Child Placing Agency, an Independent Foster Family Home, or an Independent Foster Group Home.

Child Placing Agencies are persons or organizations, other than a child's natural parent or guardian, who plan for the placement of a child, or who place a child, in a child care operation, foster home, or adoptive home.

Foster Family Homes provide 24-hour care for 6 or fewer children under 18 years old.

Foster Group Homes provide 24-hour care for 7-12 children under 18 years old.

The **RESIDENTIAL TREATMENT FACILITY (RTC) RATE** applies to all other residential facilities (e.g., residential treatment centers, halfway houses, basic child care facilities, therapeutic camps, etc.). The following are detailed descriptions of RTC settings:
