

Chapter: Hospital and Ambulatory Specialty Care Services	Effective Date: 4/1/14
Title: Referrals	Page: 1 of 1
ACA: 4-JCF-4C-07	Replaces: HSP.05.01, 6/1/09

(a) **Standard.**

Youth who need health care beyond the routine medical care provided on-site at the facility, as determined by the responsible health care practitioner, are transported under appropriate security provisions to a facility where such care is provided. A written list of referral sources, including emergency services, is available and reviewed/updated by University of Texas Medical Branch – Correctional Managed Care (UTMB) at least annually.

(b) **Procedures.**

- (1) UTMB develops and maintains a list of referral sources. The list of referral sources includes emergency services, specialty care providers, and local hospital agreements.
 - (2) Youth are transported for off-site health care services pursuant to procedures in [HSP.03.01](#).
