## Update on COVID-19 at TJJD Facilities

September 27, 2021

AUSTIN—The Texas Juvenile Justice Department provided the following updates today related to COVID-19:

- Two youth at a TJJD halfway house have tested positive for COVID-19. The first case was confirmed on Friday, and the second case was confirmed this morning.
- All remaining youth and staff at that halfway house have been tested, and those tests came back negative.
- TJJD currently has 14 active cases across its facilities (12 staff and 2 youth).

For more information about the agency's response to COVID-19, including cumulative case counts and timelines, please visit the [TJJD website](#).
