(a) **Standard.**

Any student, intern, or medical resident who delivers health care services in the facility must:

- (1) be in the process of completing a formal training program;
- (2) work under staff supervision and a written agreement; and
- (3) only provide health care services equal to his/her level of training.

(b) **Procedures.**

- (1) UTMB and TJJD jointly establish security, supervision, and confidentiality parameters for students, interns, and medical residents training in TJJD facilities.
  - (2) UTMB secures a contractual agreement with the educational facility that covers the scope of work, length of agreement, and any legal or liability issues.
  - (3) Students, interns, and medical residents are supervised by UTMB staff and abide by all facility policies and procedures.
