

This flowchart represents a visual overview of the minimum standards required by Chapter 343 of the Texas Administrative Code (Section 343.404). This is not intended to supersede more strenuous facility policies and procedures or recommended best practices.

- Documentation of all referrals must be maintained in the resident's file as well as any documentation resulting from any appointments made through the referrals.
- If juvenile justice intervention ends with the release of the juvenile from a facility, documentation regarding any pending mental health appointments must go to the released resident's parent, legal guardian, or custodian.
